📍 Senani Vihar, Lucknow, Uttar Pradesh

Hard Skill

- C++
- sql
- react
- php
- Html-CSS

Soft Skill

- Observation
- Decision making
- Leadership
- Communication
- Multi-tasking

Education Background

- B.Tech CSE
- Thapar Insititute Of Engeneering And Technology
- 2021-2025

About Me

- Passionate computer science student with a deep interest in technology and a desire to innovate and create.
- Deep understanding of the software development process and prepared to take on new challenges in the field.
- Eager to contribute skills and knowledge to the technology industry and committed to continuous learning and growth.

Projects:

Portfolio Website

- For my portfolio website project, I designed and developed a responsive website to showcase my projects, skills, and experience as a web developer. The website was built using HTML, CSS, JavaScript, and React.
- The primary goal of this project was to create a professional and visually appealing website that would highlight my technical skills and experience to potential employers.

Ecommerce Website with DBMS Integration

- As part of a DBMS project, I designed and developed an ecommerce website that integrated front-end input with a back-end database. The website was built using HTML, CSS, JavaScript, PHP, and MySQL.
- The primary goal of this project was enabling the website owner to manage the website's inventory, customer orders, and payment processing.

Web Development:

- Proficient in front-end web development using HTML and CSS.
- Experience in creating responsive and visually appealing web pages.
- Decent knowledge of React
